Taylor Valve Actuator Options

RB Series Chokes

Electric Actuator (Multi-Turn)

RB 3" with 3" 900# RFF In x Out
Manual Gear

Note: Actuators shown are not manufactured by Taylor Valve, but bought as per customer requested specifications for their applications/ installations. Consult Taylor Valve for more options.

RB 3" with 3" 2500# RFF In x Out
Electric Rotork Actuator
IQTF 125
Used on RB 2" & 3"
Max torque 92 ft. lbs. actuator

RB 4" with 4-1/16" 5000# API In x Out
Electric Rotork Actuator
IQTF 250
Used on RB 3", 4" & 6"
Max torque 184 ft. lbs. actuator

RB 6" with 6" 1500# RFF In x Out
Electric Rotork Actuator
IQS 35
Used on RB 3", 4" & 6"
Max torque 250 ft. lbs. actuator

Taylor Valve Actuator Options

RB Series Chokes

Spring Cylinder Pneumatic Actuators

RB 2" with 2" 600# RFF In x Out
Pneumatic Actuator
Valtek VL 25 sq in

RB 3" with 3" 600# RFF In x Out
Pneumatic Actuator
Valtek VL 50 sq in

RB 6" with 6" 1500# In x Out
Pneumatic Actuator
Valtek VL 100 sq in
(Custom side mounted actuator
for Shell project)

Note: Actuators shown are not manufactured by Taylor Valve, but bought as per customer requested specifications for their applications/ installations. Consult Taylor Valve for more options.

Taylor Valve Actuator Options

RB Series Chokes

Spring Diaphragm Pneumatic Actuators

R1" with 2" FNPT In X Out
Fisher Pneumatic Spring
Diaphragm Actuator
Bench Set 30 PSI
Positioner optional

RB 2" with 2" 600# RF In X Out
Fisher Pneumatic Spring
Diaphragm Actuator
Bench Set 30 PSI
Positioner Optional

Note: Actuators shown are not manufactured by Taylor Valve, but bought as per customer requested specifications for their applications/ installations. Consult Taylor Valve for more options.

RB2" with 3" 900# In x Out
Dynaflor Pneumatic Spring
Diaphragm Actuator
Bench Set 1-20 PSI
Positioner optional

RB 3" with 3" 900# RFF In x Out
Kimray's Pneumatic Spring Diaphragm
Actuator

Used on RB 2" & 3"

Taylor Valve Actuator Options

RB Series Chokes

RB 3" with 4-1/16" 5K API In x Out
Fisher Spring Diaphragm Pneumatic
Actuator
Bench Set 11-30 PSI
Positioner Optional

Spring Diaphragm Pneumatic Actuators

RB 3" with 4" 600# RFF x 4" 300#
RFF In x Out
Dynaflo Pneumatic Spring Diaphragm
Actuator
Bench Set 1-20 PSI
Positioner optional

RB 4" with 4" 600# RFF x 4" 300# RFF
In x Out
Dynaflo Pneumatic Spring Diaphragm
Actuator
Bench Set 1-20 PSI
Positioner optional

Note: Actuators shown are not manufactured by Taylor Valve, but bought as per customer requested specifications for their applications/ installations. Consult Taylor Valve for more options.

Taylor Valve Actuator Options

MCX Series Chokes

Electric Actuator (Quarter-Turn)

MCX 3" with 4" 900# RFF In x Out
Indelac Male LX-14
Electric Actuator
Used on MCX 3" & 4"
Max 3840 in-lbs. torque actuator

MCX 4" with 6"
900# RFF In x Out
Indelac Female LX-14 Electric
Actuator
Used on MCX 3" & 4"
Max 3840 in-lbs. torque actuator

MCX 4" with 6" 1500# RFF In x Out
Indelac LX-5 Electric Actuator
Used on MCX 3" & 4"
Max 1200 in-lbs. torque actuator

Note: Actuators shown are not manufactured by Taylor Valve, but bought as per customer requested specifications for their applications/ installations. Consult Taylor Valve for more options.

Taylor Valve Actuator Options

MDA Series Chokes

Electric Actuator (Quarter-Turn)

MDA 2" with 2" 1500# RFF In x Out
Indelac MH Electric Actuator
Used on MDA/MDI 1", 2" & 3"
Max 1500 in-lbs. torque actuator

MDA 2" with 2" FNPT In x Out
Bettis EM-500 Female Actuator
Used on MDA/MDI 1", 2" & 3"
Max 1600 in-lbs. torque actuator

MDA 2" with 2" 600# RFF In x Out
Rotork CMQ500 Electric Actuator
Used on MDA/MDI 1" & 2"
Max 500 in-lbs. torque actuator

Note: Actuators shown are not manufactured by Taylor Valve, but bought as per customer requested specifications for their applications/installations. Consult Taylor Valve for more options.

Taylor Valve Actuator Options

MDI Series Chokes

MDI 2" with 2" 1500# RFF In x Out
Indelac ML Electric Actuator
Used on MDA/MDI 1", 2" & 3"
Max 1500 in-lbs. torque actuator

Electric Actuator (Quarter-Turn)

MDI 3" with 3" FNPT In x Out
Valvcon Electric Actuator
Used on MDA/MDI 3"
Max 3840 in-lbs. torque actuator

MDI 3" with 3" 600# In x Out
Rotork CMQ 1000
Used on MDA/MDI 1", 2" & 3"
Max 1000 in-lbs. torque actuator

Note: Actuators shown are not manufactured by Taylor Valve, but bought as per customer requested specifications for their applications/ installations. Consult Taylor Valve for more options.
